 - a) Quit option

CLASSES

- 1) What are good candidates for classes in this program?
 - a) Menu class
 - i) `_menu: string`
 - ii) `_menuList : List<>`
 - (1) `LoadMenu()` void
 - b) Diary class
 - i) `_diaryEntry : string`
 - ii) `_prompt: string`
 - iii) `_dateEntry: DateTime`
 - (1) `GetPrompt()` string
 - (2) `Display()` void
 - (3) `SaveEntry()` void

c) Journal class

i) `_listDiaries : List<Diary>`

(1) `Display()` void

(2) `SaveToFile()` void

(3) `LoadFromFile()` void

d) Prompt class

i) `_prompt: string`

ii) `_listPrompt: List<>`

(1) `GetRandomPrompt()` void

2) What are the primary responsibilities of each class?
